Q. What is GOLD? Am I a member?

A. The Graduates Of the Last Decade (GOLD) program is an IEEE entity working at providing benefits for young IEEE members after their 'Student Member' status has expired. If you are an IEEE Member who graduated with your first professional degree within the last ten years, you are automatically part of IEEE GOLD! Around the world, there are over 47,000 GOLD members and 100 GOLD Affinity Groups. Check out the official GOLD webpage for details: www.ieee.org/gold.

The continuing goal of GOLD is to find out what students need from their Society at this particular stage of their careers and how their Society can in turn offer additional value of membership.

Q. Who may attend the Reception? Do I have to buy tickets or RSVP?

A. If you are a GOLD member attending EMBC'07, a GOLD member within Region 8 (including the France Section) – you may **most definitely** attend the Reception! Entrance is free and no RSVP is required. If interested in attending the entire EMB Conference, online conference registration may be completed via the official EMBC'07 website: <http://www.embc07.ulster.ac.uk/index.htm>. Lastly, IEEE/EMBS/GOLD cannot provide any financial remuneration for your participation in the Conference or cover travel costs for your attendance at the Reception. We look forward to meeting you in Lyon!!
