

YAST AWARDS 2007

The **World Academy of Biomedical Technologies** (ICET / UNESCO) is proud to announce and to promote the First Edition of the **Youth's African Sciences and Technologies Research Awards** on BioEngineering & BioTechnologies, **YAST Awards 2007**, in conjunction with the 29th IEEE EMBS Conference.

WABT international initiative has the aim to raise an international booster concerted action to deploy resources and programmes on Sciences & Technologies for Health in Africa, under the framework of UN MDGs and DESD.
